Opportunities, Alternatives & Resources (OAR) is seeking volunteers for its **Impact of Crime** class.

- Impact of Crime demonstrates to offenders that their actions have profound and lasting consequences to the victims of crime.
- Impact of Crime works best when we have **volunteers** that can come into the classroom and speak about their individual experience as crime victims.
- Through the telling of your experience, offenders can begin to understand the effect of their actions and to accept responsibility for the consequences of those actions.
- If you have been impacted by crime, consider this unique opportunity to speak to offenders about the impact of crime on your life.
